

Join us for a free webinar on Tuesday, 01/16/18, 11:30 – 12:30pm CST!

Title: “Bridging the Gap - New Insights on Technology and on-the-ground Management of Phragmites”

Speaker: Steve Apfelbaum, Founder and Chairman, Applied Ecological Services

This is the first in a series of winter webinars focusing on restoring invaded sites, brought to you by the Midwest Invasive Plant Network with support from U.S. Forest Service Region 9. See www.mipn.org to register!
